THE **SPECIALISTS** FOR CAD, CAM AND ESTIMATING SOFTWARE

EST-Duct Recommended PC System Requirements

- Processor: Intel® Pentium® 4, 2.0 GHz or greater, or equivalent AMD Athlon® processor.
- Operating System: Microsoft® Windows® XP (Professional / Home Edition) or Windows® 2000, Microsoft® Windows Vista™ (Enterprise, Business, Premium, Ultimate Edition).
- Memory: 1GB RAM or greater.
- Hard Drive: Application requires 1GB of free Hard Drive space for installation and data storage.
- Monitor: Recommended 19" - 20" Widescreen or 22" - 24" Widescreen for Trace Estimating.
- Display Resolution: 1400 x 900 or 1680 x 1050 for Trace Estimating.
- Certified Graphics Card: 256 MB, OpenGL-capable workstation class graphics card or higher.
- Sound card: Specification is irrelevant to EST-Duct but useful for multimedia tutorials.
- Email capability & Internet access using Microsoft® Internet Explorer 5.0 or later (for technical support and product updates).
- Backup Device: CD-RW/DVD-RW drive or other suitable storage device recommended.
- Connectivity: USB Port Required for Security 'dongle' and appropriate ports for any other required devices.

EST-Duct Recommended Printer Specification

- For General Printouts (Nested sheets/Worksheets/Reports) - Fast Inkjet or Laser Printer

The preceding requirements are recommended for effective use of the EST-Duct package.
